06 - 09 DE JUNHO 2025

# INTRODUCTION

**During the weekend 06 - 09 June 2025 the Algarve 7s Sports Festival will accommodate +70 multiple international sports teams.**

The Algarve 7s now in its 6th edition and has quickly established itself as one of the best Sports Festival in Europe for the quality of its organization, level and number of teams it attracts.

We are proud to say that whilst rugby is still our anchor sport's discipline, the Algarve 7s Sports Festival is now a multiple sports event with seven (07) disciplines in total.

After rugby, we have added Netball and golf and this year for the first time we are adding beach sports including a beach hockey, beach tennis and an open waters swimming competition.

In total, more than 2500 direct participants in the Algarve 7s in Vila Real de Santo António & Praia de Monte Gordo, besides the crowds that the Algarve 7s will attract and who will pass through the Vila Real de Santo António stadium during the three days of the event.

# WELCOME TO THE ALGARVE

The Algarve is the beautiful southern coastline of Portugal. It is a region blessed with glorious sandy beaches, picturesque fishing towns and a glorious climate, all of which combined with first class sports facilities make it a dream destination to hold the Algarve 7s 2025.

The Algarve 7s Rugby, Netball and Padel tournaments will be held at the Vila Real de Santo Antonio Stadium and its sports complex located in eastern Algarve, located very close to the border with Spain. The beach sports, including beach hockey, beach tennis and open water swimming competitions will be held at the beautiful beach of Monte Gordo. The golf

tournament will take place in scenic Castro Marim Golf & Country Club.

The local international airport in Faro is located only 65 kms away. In your downtime you may wish to visit some of the Algarve's famous attractions and if you have the opportunity and free time to do so we strongly recommend that you explore the area as the central region of the Algarve is a beautiful place of the world!

Please don't hesitate to contact the Tournament Office for assistance in recommending attractions and providing directions etc.

## ISOTHERMAL SUITS

The use of a wetsuit is permitted in accordance with FINA rules 2017 to 2022, depending on the water temperature, but the use of any propulsion, buoyancy or breathing aids is not permitted.

For races with a temperature equal to or greater than 18°C and less than 20°C, the wetsuit is optional.

It is compulsory to wear a wetsuit when the water temperature is below 18°C, not inclusive.

With regard to these rules, isothermal suits are suits that produce thermal insulation. Wetsuits must cover the torso, back, shoulders and knees and may not extend beyond the neck, ankles and wrists.
